ENVIRONMENT POLICY

Regal Paints Uganda Limited, manufacturer and distributor of paints and allied products is a responsible corporate citizen committed to conservation of environment, prevention of pollution, effective waste management, minimization of consumption of resources and overall environmental degradation in all our business operations

We recognize environmental protection as one of the guiding principles and a key component of sound business performance. We are committed to providing quality products and services as we promote and embrace the principle of responsible stewardship of natural environment.

Regal Paints Uganda will strive to:

- a) Adhere with all applicable environmental regulations and other requirements that relate to our environmental aspects
- b) Implement and maintain a structured Environmental Management System based on the continual improvement of the environmental performance and regular review of the set environmental objectives, targets and programmes of all significant environmental aspects.
- c) Adopt and implement environment friendly strategies of paint and resin production and supply to preventing pollution, reducing waste generation and minimizing the consumption of resources.
- d) Educate, train and inform all the employees, contractors, suppliers and other stakeholders on environmental protection and empower them to contribute and participate.
- e) Ensure our Environmental policy is documented, implemented, maintained and communicated to all staff and interested parties.

Mr. Rakesh Rao

Group Chief Executive Officer

Effective Date: 1st March 2019
